

LUANSHYA ROAD TOLL GATE OPENS

The National Road Fund Agency (NRFA) and the Road Development Agency (RDA) wish to announce that with the completion of construction works on Masanganao Fisenge Luanshya Road, Government has approved commencement of road tolling at Abram Zayoni Mokola Toll Gate on this stretch through Statutory Instrument No. 13 of 2025.

This Toll Gate will be run by Macro Ocean Investment Consortium, the Concessionaire upgrading Lusaka Ndola Road to a dual carriage way.

Through the same Statutory Instrument, the government has approved a slight adjustment of tolls at the neighbouring Michael Chilufya Sata Toll Gate between Ndola and Kitwe in order to make the tolls at Michael Chilufya Sata Toll Gate competitive.

Meanwhile, motorists have welcomed the construction of the Masanganao Fisenge Luanshya Road and the ongoing upgrading of the Lusaka Ndola Dual Carriage Way as government leverages on the National Road Tolling Programme within the framework of the Public Private Partnerships (PPPs) to transform key roads in this country.
